FEDERAL COMMUNICATIONS COMMISSION

Information Collections Being Reviewed by the Federal Communications Commission

Under Delegated Authority

[OMB 3060-0790, 3060-0813]

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before **[INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.Ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele at (202) 418-2991.

SUPPLEMENTARY INFORMATION: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

OMB Control Number: 3060-0790.

Title: Section 68.110 (c), Availability of Inside Wiring Information.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 200 respondents; 1,200 responses.

Estimated Time per Response: 1 hour.

Frequency of Response: Recordkeeping requirement and third party disclosure requirement.

Obligation to Respond: Mandatory. Providers of wireline telecommunications services that willfully or repeatedly fail to comply with this rule are subject to forfeitures under 47 C.F.R.

§1.80. Statutory authority for this collection of information is contained in 47 U.S.C. 151, 154, 201-205, 218, 220 and 405 of the Communications Act of 1934, as amended.

Total Annual Burden: 1,200 hours.

Total Annual Cost: \$5,000.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting that respondents submit any confidential trade secrets or proprietary information to the FCC.

Needs and Uses: Section 68.110(c) requires that any available technical information concerning carrier-installed wiring on the customer's side of the demarcation point, including copies of existing schematic diagrams and service records, shall be provided by the telephone company upon request of the building owner or agent thereof. The provider of wireline telecommunications services may charge the building owner a reasonable fee for this service, which shall not exceed the cost involved in locating and copying the documents. In the alternative, the provider may make these documents available for review and copying by the building owner or his agent. In this case, the wireline telecommunications carrier may charge a reasonable fee, which shall not exceed the cost involved in making the documents available, and

may also require the building owner or his agent to pay a deposit to guarantee the documents' return. The information is needed so that building owners may choose to contract with an installer of their choice on inside wiring maintenance and installation services to modify existing wiring or assist with the installation of additional inside wiring.

OMB Control Number: 3060-0813.

Title: Section 20.18, Enhanced 911 Emergency Calling Systems.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other-for-profit and State, local and tribal governments.

Number of Respondents and Responses: 877 Respondents; 744 Responses.

Estimated Time per Response: 0.5-1 hours.

Frequency of Response: One-time third party disclosure requirements.

Obligation to Respond: Mandatory. Statutory authority for this information collection is contained in 47 U.S.C. Sections 151, 152, 154(i), 154(j), 154(o), 251(e), 303(b), 303(g), 303(r), 316, and 403

Total Annual Burden: 698 hours.

Total Annual Cost: No Cost.

Privacy Act Impact Assessment: No Impact(s).

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: The information collection entailed in a Public Safety Answering Point (PSAP) request is necessary to initiate E911 service, and serves as notice to the CMRS provider. The notification requirement on PSAPs will be used by the carriers to verify that wireless E911 calls are referred to PSAPs who have the technical capability to use the data to the

caller's benefit. If the carrier challenges the validity of the request, the request will be deemed valid if the PSAP making the request provides the following information:

A. **Cost Recovery.** The PSAP must demonstrate that a mechanism is in place by which the PSAP will recover its costs of the facilities and equipment necessary to receive and utilize the E911 data elements;

B. **Necessary Equipment.** The PSAP must provide evidence that it has ordered the equipment necessary to receive and utilize the E911 data elements; and

C. **Necessary Facilities.** The PSAP must demonstrate that it has made a timely request to the appropriate local exchange carrier for the necessary trunking and other facilities to enable E911 data to be transmitted to the PSAP.

In the alternative, the PSAP may demonstrate that a funding mechanism is in place, that it is E911 capable using a Non-Call Associated Signaling technology, and that it has made a timely request to the appropriate LEC for the necessary ALI database upgrade.
